**Subject:** Final draft Dartmoor Local Plan consultation

Good morning,

**Re: Final Draft of the Dartmoor Local Plan consultation**

Thank you for requesting consultation on the Final Draft of the Dartmoor Local Plan.

Reference to 'Community Safety' under the Design Principles (paragraph 1.6.5) is noted but as decisions on design matters will be informed by the design principles (and supplementary design guidance), perhaps direct reference to Crime Prevention, Secured by Design or by listing the attributes of Crime Prevention through Environmental Design (CPTED) (as per my previous response) would be best placed here? It is felt that this would assist the reader/applicant in recognising that design for the prevention of crime, fear of crime and disorder (e.g. antisocial and unacceptable behaviour) should be considered as a design principle for new development.

It is appreciated that under 'Strategic Policy 1.6 Delivering Good Design' there is a hyperlink to the Dartmoor National Park Design Guide 2011 (Supplementary Planning Document) which makes important reference to the police owned crime prevention initiative Secured by Design (with Policy COR4 also being relevant) but as it is the Local Plan that is being consulted upon may I suggest that under Strategic Policy 1.6 (2) there is direct reference to 'design for the prevention of crime, fear of crime and disorder' and/or the Secured by Design initiative, as this would clearly identify the subject matter as a whole and then the hyperlink appropriately placed will provide the applicant/reader easy access to the Design Guide to understand how this could be achieved.

I hope this is useful and I would be happy to discuss further if required.

Respectfully submitted for consideration

Thank you

Kind regards

Sarah-Jane
