QUICK GUIDE: LOCAL PLAN EVIDENCE

Local plans are based on a lot of technical evidence and it can be confusing. This quick guide summarises the role each piece of evidence plays in the local plan review. We will publish this evidence as it is completed, and welcome your feedback.

Торіс	Key evidence	Quick explanation
Preparing the local plan	Authority Monitoring Report	Monitors the performance of the local plan. Shows current and future development trends and identifies is
	<u>Statement of Community</u> <u>Involvement</u>	Explains how we will involve and engage the public in preparing the local plan and which documents we
