

Dartmoor National Park Authority

Local Development Scheme (LDS)

Third Revision

The Local Development Scheme (LDS) is a public statement of the Dartmoor National Park Authority's local plan preparation programme, and will guide the establishment of the document which form part of the local plan for the Dartmoor National Park.

This includes:

- *Development Plan Documents* (containing formal policies, for example the Core Strategy);
- *Supplementary Planning Documents* (more 'informal' advice which adds to adopted policy, such as Design Guidance)
- *Other documents, including Local Development Documents* (including more 'procedural' documents such as the Local Development Scheme or Statement of Community Involvement)

The Authority's first LDS came into effect in 2005, a first revision of the LDS was adopted in March 2007 and a second revision in 2010. This LDS was adopted by the Authority in May 2014; it is anticipated it will be reviewed by 2017.

May 2014

1. Context

- 1.1. The 2004 Planning and Compulsory Purchase Act ('the 2004 Act') brought in 'Local Development Framework' as a new structure to local planning. Local Development Frameworks include:
 - *Development Plan Documents 'DPDs'* (containing formal policies, for example the Core Strategy);
 - *Supplementary Planning Documents 'SPDs'* (more 'informal' advice which adds to adopted policy, such as Design Guidance)
 - *Other documents, including Local Development Documents* (including more 'procedural' documents such as the Local Development Scheme or Statement of Community Involvement)
- 1.2. Whilst the current government prefers the term 'Local Plan' to 'Local Development Framework' (LDF) the structure remains. Regional Spatial Strategies (brought in by the 2004 Act) have since been removed through 2011 Localism Act ('the 2011 Act') which also brought forward key provisions relating to the Duty to Co-operate and the Neighbourhood Plans.
- 1.3. More recently, government guidance has also been rationalised significantly, with the National Planning Policy Framework (NPPF) replacing the portfolio of Planning Policy Statements in 2012, and the National Planning Practice Guidance published in March 2014 which has formed part of the governments 'red tape challenge'. It is also important to note that Government considers that the National Parks Circular¹ should set the context for the local plan coverage of the English National Parks.
- 1.4. Under section 67(1) of the Environment Act 1995, Dartmoor National Park Authority (NPA) is the Local Planning Authority (LPA) for the entire area of the National Park. Those responsibilities include the mineral and waste planning functions for the area. The Authority also prepares the Dartmoor National Park Management Plan; these are the over-arching strategic documents for the National Parks and set the vision and objectives to guide the future of the Parks over a 10 to 20 years period. The adopted 2014-2019 Dartmoor National Park Management Plan ('Your Dartmoor') establishes important principles for consideration in local planning policy and links closely with the adopted Core Strategy.

2. Current plans in Dartmoor National Park

- 2.1. The local plan for Dartmoor National Park comprises the Core Strategy (2008), and Development Management and Delivery DPD (2013), together with the saved policies of the Minerals Local Plan (2004). These documents are supported in their implementation by the Design Guide SPD and the Affordable Housing SPD. These documents set the spatial planning strategy, policies and guidance for Dartmoor National Park in the planning period up to 2026. An overview of the documents which currently form part of the local plan for Dartmoor National Park are set out in Table 1.

3. Local Development Scheme

- 3.1. The 2010 Local Development Scheme needs to be reviewed because of:
- The need to respond to changes to the LDF system introduced by Regulations in 2012;
 - the need to recognise changes brought in by the Localism Act 2011, National Planning Policy Framework 2012, and National Planning Practice Guidance 2014;
 - the completion of the document set out in the 2010 LDS and need to consider their review; and
 - re-assessment of the suite of plans which is required.
- 3.2. The LDS is a statement of Dartmoor National Park Authority's local development document preparation programme. Whilst this document will include commentary on the range of documents the Authority intends to prepare and review, it is important to note that the required scope of the LDS is the preparation of DPDs; Statements of Community Involvement and Supplementary Planning Documents do not need to be included.
- 3.3. The Authority intends to prepare the following documents within the timeframe of this LDS. Key milestones for their preparation are set out in Table 3.

3.4. Statement of Community Involvement

2004 Act requires that LPAs produce a Statement of Community Involvement (SCI). The Authority's SCI is 5 years old and produced prior to the National Planning Policy Framework and most importantly, the Localism Act. The local plan must be prepared in a way consistent with the approach set out in the SCI. The Authority intends to prepare a revised SCI for consultation, and adopt the revised SCI in 2014.

3.5. Minerals Plan (DPD)

The Dartmoor National Park Authority is the Minerals Planning Authority for the National Park and as such this is a statutory function. The NPPF says Minerals Planning Authorities should "identify and include policies for extraction of minerals resource of local and national importance" and "define Minerals Safeguarding Areas". The Authority intends to prepare a new Minerals Plan in order to provide up to date policy detail to assess and condition new minerals proposals and identify appropriate minerals safeguarding areas. The scope of this document will be established through a process of initial consultation and evidence gathering. The preparation of this DPD will commence in 2014. This document will cover the whole of Dartmoor National Park.

3.6. Local Plan Review (DPD)

The Authority recognises the statutory need to maintain an up to date development plan. The Authority's Core Strategy was adopted in 2008. Whilst it is considered consistent with the NPPF it is recognised that the economic and statutory context of this plan has moved forward. The Development Management DPD was adopted in 2013, after the publication of the NPPF and demonstrates a continued integrity to the overarching strategy and evidence which supports the Authority's local plan.

A review of the local plan is likely to focus upon strategic housing policy, strategic economic development policy, and potentially settlement strategy. The Authority has not yet determined the extent to which this review will cover the Core Strategy and the Development Management DPD and the necessity for a consolidating review to create a new 'local plan' for the National Park. Assessment of the scope of this review will commence in 2015; at this time it may be considered necessary to review this LDS in order to make clear the Authority's intentions regarding the preparation of a new development plan document. This document will cover the whole of Dartmoor National Park.

3.7. Supplementary Planning Documents (SPDs)

The Authority has two adopted SPDs, the Design Guide (2011) and Affordable Housing SPD (2014). It is not anticipated that these will require review within the timeframe of this LDS. If it is the case that the Authority considers their revision necessary, whilst it would fall outside the necessary scope of this LDS, their revision would be consistent with the approach set out in the SCI and the appropriate regulations.

3.8. Joint working and other plans

Although joint development plan documents can be prepared with other planning authorities, there is no intention to prepare joint planning documents. The Authority will maintain close liaison with Devon County Council, which is the mineral planning authority for the rest of Devon outside Plymouth and Torbay, in preparing the Dartmoor NP Minerals DPD, and with the constituent District and Borough Councils in preparing and revising other DPDs. The NPA responds to DPDs produced by the surrounding LPAs in the interests of 'joined up' planning and to ensure that the special qualities of the National Park are protected. The Authority recognises the importance of the Duty to Cooperate and will continue to work positively with stakeholders in the preparation of the local plan.

The Authority does not intend to prepare any Area Action Plans or Supplementary Planning Documents within the timeframe of this LDS.

3.9. Strategic Environmental Assessment/Sustainability Appraisal

The Planning and Compulsory Purchase Act 2004 requires local development documents to be prepared with a view to contributing to the achievement of sustainable development. Local planning Authorities must also comply with a European Union Directive on the Strategic Environmental Assessment of certain plans and programmes that are likely to have significant effects on the environment.

The Authority will continue to take a robust approach in the preparation of an environmental report which informs and supports the different stages in the preparation of a DPD.

3.10. Key milestones in the production of a development plan document

Table 3 sets out key milestones in the preparation of a DPD.

Initial Evidence Gathering	<ul style="list-style-type: none"> • Formulate initial aims and objectives for local plan • Begin evidence gathering process • Identify relevant environment, economic and social objectives to inform Sustainability Appraisal
Initial consultation and continued work on evidence gathering	<ul style="list-style-type: none"> • Engagement with local communities, businesses and other interested parties (Regulation 18) • Take into account representations received from consultation process in line with (Regulation 18) • Engage with Duty to Cooperate partners • Ensure compliance with the SCI • Continue evidence gathering • Test emerging options through Sustainability Appraisal
Publication	<ul style="list-style-type: none"> • Draft plan published for representations for a minimum of 6 weeks (Regulations 17 and 19)
Submission	<ul style="list-style-type: none"> • Plan submitted for examination, along with Sustainability Appraisal, evidence base and a statement of representations and main issues (Regulation 22)
Examination of submitted plan	<ul style="list-style-type: none"> • Independent Inspector assesses plan to determine whether it has been prepared in line with the Duty to Cooperate, other legal requirements and whether it is sound in line with section 20 of the Planning and Compulsory Purchase Act 2004 and Regulations 23/24. • Local Planning Authority can ask Inspector to recommend main modifications to make plan sound or comply with other legal requirements • Inspector issues report at end of examination • Exceptionally, the Inspector will recommend the draft plan is withdrawn if it has not been prepared in accordance with the Duty to Cooperate or if it is likely to be found unsound
Adoption	<ul style="list-style-type: none"> • Draft plan formally adopted by the local planning authority in line with section 23 of the Planning and Compulsory Purchase Act 2004 • Monitoring of implementation of Local Plan policies required in line with Regulation 34.

SUPERSEDED

4. Monitoring and review

4.1. Legislation requires local planning authorities to produce an annual monitoring report to assess progress on the implementation of the LDS.

4.2. Monitoring systems should also assess:

- whether policies in local development documents are being implemented effectively, and whether targets or milestones are being met
- the impact of the policies with regard to national, regional and local targets
- the effectiveness of the policies and proposals with regard to the achievement of strategic objectives, and whether modification or replacement is required.

Where policies or proposals need to be changed, the annual review should indicate how that will be achieved.

4.3. A robust monitoring framework is now set out in the Authority's Annual Monitoring Report published in Spring/Summer of each year. The review and monitoring of community plans and strategies and the Dartmoor National Park Management Plan also provides evidence and material for assessing the documents in the local plan. A State of the Park Report is also prepared as a supporting element of the Management Plan, which will also be a useful source of monitoring information.
